Preface

These Philippine Bidding Documents (PBDs) for the procurement of Goods through Competitive Bidding have been prepared by the Government of the Philippines for use by any branch, constitutional commission or office, agency, department, bureau, office, or instrumentality of the Government of the Philippines, National Government Agencies, including Government-Owned and/or Controlled Corporations, Government Financing Institutions, State Universities and Colleges, and Local Government Unit. The procedures and practices presented in this document have been developed through broad experience, and are for mandatory use in projects that are financed in whole or in part by the Government of the Philippines or any foreign government/foreign or international financing institution in accordance with the provisions of the 2016 revised Implementing Rules and Regulations of Republic Act No. 9184.

The Bidding Documents shall clearly and adequately define, among others: (i) the objectives, scope, and expected outputs and/or results of the proposed contract or Framework Agreement, as the case may be; (ii) the eligibility requirements of Bidders; (iii) the expected contract or Framework Agreement duration, the estimated quantity in the case of procurement of goods, delivery schedule and/or time frame; and (iv) the obligations, duties, and/or functions of the winning bidder.

Care should be taken to check the relevance of the provisions of the PBDs against the requirements of the specific Goods to be procured. If duplication of a subject is inevitable in other sections of the document prepared by the Procuring Entity, care must be exercised to avoid contradictions between clauses dealing with the same matter.

Moreover, each section is prepared with notes intended only as information for the Procuring Entity or the person drafting the Bidding Documents. They shall not be included in the final documents. The following general directions should be observed when using the documents:

- a. All the documents listed in the Table of Contents are normally required for the procurement of Goods. However, they should be adapted as necessary to the circumstances of the particular Procurement Project.
- b. Specific details, such as the “*name of the Procuring Entity*” and “*address for bid submission*,” should be furnished in the Instructions to Bidders, Bid Data Sheet, and Special Conditions of Contract. The final documents should contain neither blank spaces nor options.
- c. This Preface and the footnotes or notes in italics included in the Invitation to Bid, Bid Data Sheet, General Conditions of Contract, Special Conditions of Contract, Schedule of Requirements, and Specifications are not part of the text of the final document, although they contain instructions that the Procuring Entity should strictly follow.

- d. The cover should be modified as required to identify the Bidding Documents as to the Procurement Project, Project Identification Number, and Procuring Entity, in addition to the date of issue.
- e. Modifications for specific Procurement Project details should be provided in the Special Conditions of Contract as amendments to the Conditions of Contract. For easy completion, whenever reference has to be made to specific clauses in the Bid Data Sheet or Special Conditions of Contract, these terms shall be printed in bold typeface on Sections I (Instructions to Bidders) and III (General Conditions of Contract), respectively.
- f. For guidelines on the use of Bidding Forms and the procurement of Foreign-Assisted Projects, these will be covered by a separate issuance of the Government Procurement Policy Board.

NDC recognizes its people as one of its valuable resources in fulfilling its mandate. Currently, NDC has a total number of warm bodies/filled-up Plantilla positions of thirty-six (36) consisting of thirteen (13) and twenty-three (23) men and women, respectively, based on the sex-disaggregated data by the Human Resource Department.

The Civil Service Commission (CSC) is the central government agency of the government. Under the CSC Law, rules, and regulations, it is prescribed that there shall be a health program in the government aimed at improving the working conditions of the employees, and according to CSC through its Chairman Karlo B. Nograles, “Research shows that employees in good health are more likely to deliver optimal performance in the workplace because, not only do they have better quality of life, but they also benefit from having a lower risk of disease, illness, or injury,”

On the other hand, the Philippine Health Insurance Corporation (PHIC) is the government arm for ensuring the availability of funds to extend hospitalization and sickness benefits to public officials and employees.

PHIC, however, acknowledges that currently there are health programs and benefits that are not being covered by PHIC and in this regard has issued Advisory No. 2024-2022, in reconciling Executive Order 150 entitled “Approving the Compensation and Position Classification System (CPCS) and Index of Occupational Services, Position Titles, and Job Grades for GOCCs (IOS-G) Framework, Repealing Executive Order No. 203 (s.2016), and for other purposes” with Commission on Audit (COA) Resolution No. 2024-004 entitled “Amendment of Commission on Audit (COA) Resolution No. 2005-001” dated February 3, 2005, on the Procurement of Health Care Insurance from Private Insurance Agencies, the COA has permitted the purchase of healthcare service coverage from Health Maintenance Organization (HMO) provided that the “programs or benefits covered therein are not yet covered or provided by the Philippine Health Insurance Commission (PHIC)”.
